Sophomore Checklist

- Get outside my comfort zone.
- Look for volunteer opportunities. Check out http://ginsberg.umich.edu. Don’t forget to see my academic advisor. He or she still knows the ropes! http://www.lsa.umich.edu/advising
- Attend at least one new cultural event: UM Museums & Galleries, UM Libraries, Art Galleries, Bookstores, Michigan Theater, Annual Festivals, Univ Musical Society, UM Performing Arts, UM Public Art
- Join new groups; talk to other students in my classes; make some new friends. Select something interesting from the Maize Pages!!
- Get off campus and explore Ann Arbor! Remember to look at: http://www.visitannarbor.org/ and http://arborweb.com/
- Remember to continue exploring classes. Spend some time just browsing the course guide! http://www.lsa.umich.edu/cg/
- Check out the “Sophomore Initiative” Course Guide tag during registration (and other tags too!) for courses created or selected for sophomores. Sophomore Initiative Classes: Course Guide.
- Get more involved with at least one campus group or cause. Think about taking on a leadership role.
- Continue or join a research project. Time to go check out UROP! http://www.lsa.umich.edu/urop/
- Take a look at the list of LSA minors: http://www.lsa.umich.edu/bulletin/minors
- Visit the Career Center (third floor, Student Activities Building) and the Newnan Advising Center for advice on planning my future. http://www.careercenter.umich.edu/. Why now?

The Career Center can help you get started thinking about how your academic interests and talents fit with different career and employment fields. The staff there can also advise you on how to present yourself and your Michigan experience when you apply for internships and jobs. It’s never too early to get started (and, actually, going over there first time as a senior might be a bit late!)
