***FIELD STUDY IS OPEN ONLY TO RESIDENTIAL COLLEGE STUDENTS, AND IS USUALLY ELECTED FOR 2 TO 4 HOURS OF CREDIT.***

**Please prepare and attach answers to the following, using corresponding numbers.**

1. Site of proposed field experience: Give organization or company, location or address, person(s) who will direct your site work, phone numbers, or other relevant information enabling the RC to know: where, when, with whom.
2. Objectives of study: Explain how this experience will serve to enhance your academic objectives or otherwise serve educational purposes.
3. Proposed activities of the study: Provide information as to what you will be doing: a simplified "job description" is what is wanted.
4. Academic support: What will you use to lend academic support to your field experience (readings-attach a bibliography, a personal journal or log, conferences, work shops, art work, etc.)?
5. Estimate of hours per week involved: If hours vary, provide a total estimate of time involved for completion of the field study (site work, homework, etc.).
6. Final product and basis of evaluation: How do you intend to document your activity and synthesize your findings, experiences, research, analysis, etc. (paper, project, art work, presentation, etc.)?
