Below is a list of external scholarships. The first few are open to students who may be studying in either the humanities or the sciences. Following the general scholarships is a list for students pursuing sciences, and another segment of scholarships for humanities students. This list is just a short example of scholarships available. Students should check to see if they can apply to any of these, but also continue to search on their own.

**The Armed Forces Communications and Electronics Association**
http://www.afcea.org/

**AFCEA General John A. Wickham Scholarship**

**Eligibility:** Applicants must be U.S. citizens to apply. They also must be at least a second-year students enrolled full time as sophomores or juniors. Students must be working toward earning a degree in: electrical, computer, chemical systems or aerospace engineering; computer science’ physics; mathematics; science or mathematics education; technology management; or management information systems. Majors directly related to the support of U.S. intelligence enterprises or national security with relevance to the mission of AFCEA will also be eligible. Students must have a GPA of 3.5 to be eligible.

**Materials Needed:**

- The application which students may find online.
- Two letters of recommendation from instructors in the student’s field of study.
- The applicant’s official transcripts.

**AFCEA Intelligence Scholarships**

**Eligibility:** Undergraduate and graduate students may apply. Undergraduate students applying must be at least in their second year of study. Students applying must be enrolled full time. Applicants must be U.S. citizens. In addition a minimum 3.0 GPA is required. Candidates must be majoring in a field directly related to the support of U.S. intelligence or homeland security such as global security, intelligence studies or foreign languages.

**Materials Needed:**

- Two letters of recommendation from field of study professors are required.
- The student’s official transcripts are needed.
- An application which may be found online must be completed.

**The Pearson Foundation**
http://www.pearsonfoundation.org/pearsonprize/
The Pearson Prize - 20 $10,000 Scholarships and 50 $500 Scholarships

Eligibility: Students who have completed at least one year at a two or four year college are eligible to apply. Applicants should have demonstrated leadership and community service in the past. In addition, applicants must have at least a 2.5 GPA. Students may not be directly related to a Pearson employee, and must be a U.S. citizen or permanent resident.

Required Materials: Please check the website for information about the required materials.

Science Scholarships

American Association on Health and Disability
http://www.aahd.us/page.php

Eligibility: This is awarded to students with disabilities that are pursuing higher education. Preference is given to those who are pursuing public health, health promotion, disability studies and research. Students must be enrolled full time. They must have documentation of their disability. In addition, students must be a U.S. citizen or a legal resident to apply.

Materials Needed:

- Student’s must submit a personal statement:
  - The statement has a limit of 3 pages double spaced.
  - It should include a brief personal history.
  - The applicants educational and career goals should be explained.
  - Extra-curricular activities should be mentioned.
  - Reasons why the applicant should receive the scholarship must also be stated.
- 3 letters of recommendation are needed.
  - One must be from instructor or an academic advisor.
- Official copy of college transcripts must be sent.
- Applicants must allow AAHD to use their name, picture, and story.
- The application form found on their website is also required.

Center for Environmental Research and Conservation - Earth Institute Columbia University
http://www.cerc.columbia.edu/?id=see-u

Summer Ecosystem Experience for Undergraduates (SEE-U)

Eligibility: Students pursuing any major from any college are eligible to apply. Applicants must be in good academic standing. The costs for the program are as follows: $8,232 for tuition; $1,500 for room and board; airfare is not included; a $70 application fee. However, students can
apply for a fellowship of $3,000 to help defer the costs. Students apply for the fellowship in their general application to the program.

**Required Materials:**

- An application which may be found online.
- An essay with a maximum of 500 words.
- One letter of recommendation.
- The application fee of $70.

**American Council of Independent Laboratories**

http://www.acil.org/index.cfm

**SCHOLARSHIP ALLIANCE-MAXIMUM OF $4,000**

**Eligibility:** Preference given to children and grandchildren of employees of ACIL member companies. Students must be enrolled as a junior or higher. Graduate students are eligible. Applicants must be majoring in at least one of the following: chemistry, engineering, geology, biology, or environmental science. Awards are based on academic performance, career goals, leadership, and financial need.

**Required Materials:**

- A short resume or personal statement which describes the applicant’s college activities, field of study, and future plans.
- Two letters of recommendation from faculty members from the student’s university.
- Information on any other scholarship or grants the student is receiving.

**Association for Women in Science**

http://www.awis.org/

Application and scholarship information is not available when applications are not accepted. Interested students should check the site periodically to learn more about the scholarships offered.

**Brown and Caldwell**

http://www.brownandcaldwell.com/scholarships.asp

**ECKENFELDER SCHOLARSHIP- $5,000**

**Eligibility:** Student must be a U.S. citizen or permanent resident to apply. The student must be enrolled full time in their junior year or above. Graduate students may also apply. Students must have one of the following majors declared: civil, chemical, or environmental engineering; or one of the environmental sciences. Students must also have a GPA of 3.0 or higher on a 4.0 scale.

**Required Materials:**

- Application which is found on the website.
- The applicant’s resume.
- Two letters of recommendation. At least one must be from a university official.
- Students must submit a personal statement. The statement must not exceed the maximum of 250 words. The statement should describe the applicant’s future goals in environmental science.
- The student’s official transcripts are also needed.

**MINORITY SCHOLARSHIP- $5,000**

**Eligibility:** Students must be U.S. citizens or permanent resident to apply. They must be enrolled full time in their junior year or higher. Students must have a declared major in one of the following: civil, chemical or environmental engineering; or one of the environmental sciences. Students must have at least a 3.0 GPA on a 4.0 scale. Student must be a member of a Minority Group as defined by EEOC.

**Required Materials:**

- Application which is found on the website.
- A personal statement no longer than 250 words explaining the student’s future goals in environmental science.
- Two letters of recommendation are required. At least one submitted by a university official.
- The student’s academic advisors’ name, phone number, and email.
- The student’s official transcripts are also required.

**National Oceanic and Atmospheric Administration**

[https://uspa.iso.noaa.gov/](https://uspa.iso.noaa.gov/)

**ERNEST F. HOLLINGS UNDERGRADUATE SCHOLARSHIP PROGRAM**

This program provides academic assistance of up to $8,000 per year for full time students. It also includes a 10 week full time internship position in which the student is paid $650 dollars a week.

**Eligibility:** The program is intended for undergraduate students who are interested in oceanic and atmospheric science, research, technology and education. Students must be a U.S. citizen and have at least a 3.0 GPA. Applicants must be majoring in one of the following: mathematics, engineering, remote sensing technology, physical and social sciences, physics, hydrology, policy, geomatics, teacher education, or oceanic environmental and atmospheric sciences.

**Required Materials:**

- An application which is listed online.
  - Supplemental materials are also required.
    - Students must create an account to get a full description of all the necessary materials.

**National Fish and Wildlife Foundation**

[http://www.nfwf.org/AM/Template.cfm?Section=Home](http://www.nfwf.org/AM/Template.cfm?Section=Home)
Although there are no scholarships listed through the foundation there are a lot of grants. Students that need funding for a thesis, research, or anything else of that nature should look through the list online and see if there are any grants they are eligible to receive.

**The Environmental Protection Agency**
http://www.epa.gov/

EPA’S NATIONAL NETWORK FOR ENVIRONMENTAL MANAGEMENT STUDIES FELLOWSHIP PROGRAM

**Eligibility:** Students must be a U.S. citizen or a permanent resident to apply. They must be enrolled for credit at an accredited educational institution. Undergraduates must have at least a 3.0 GPA. In addition, applicants must have completed at least four courses related to environmental studies. Undergraduates who are graduating are not eligible to apply unless they are applying directly to a graduate program.

**Required Materials:**

- A NNEMS application found on the website.
- Standard Form 424-Application for federal assistance also located on the website.
- The student’s resume.
- An official transcript from each college or university the student has attended.
- A NNEMS reference form found on the website as well.
- NNEMS disclosure and waiver statement found on the website.
- Verification of acceptance and/or enrollment in a graduate or Ph.D. program if the applicant is a graduating senior.
- Students can apply to as many fellowships as they would like; however, separate application packages must be sent to each fellowship they apply to.

The EPA also has several grants that students may apply to. Unlike scholarships these fund research ideas, technology etc. If a student is interested they should go to the EPA’s website and look at the full list to see if any are applicable to their needs.

**Richard Gilder Graduate School- At the American Museum of Natural History**
http://rggs.amnh.org/

RESEARCH EXPERIENCES FOR UNDERGRADUATE BIOLOGY AND PHYSICAL SCIENCES PROGRAMS

This is a paid summer internship in which students conduct research projects with the AMNH. The research relates to evolutionary biology, physical sciences, or it is linked to some students’ individual research projects. With the approval of federal funding students will receive a stipend. They also will live in dormitory housing or receive an equivalent housing stipend. Based on the student’s financial need, travel costs to and from New York City will also be covered.

**Eligibility:** This is open to all undergraduate students who are either U.S. students or permanent residents.

**Required Materials:**
• Students must select a few projects from the list that they are interested in working on.
• Applicants must submit a one page statement detailing their interests.
• Students must list two references.
  o Students must not provide letters of recommendation.
• Students should submit a list of course work relevant to the specific project they are interested in.
• Unofficial transcripts are required.
• Applicants may additionally submit other documents in support of their application if they feel it is necessary.

**Bermuda Institute of Ocean Sciences $360 per week.**
http://www.bios.edu/education/reu.html

**Undergraduate Fellowships in Marine Sciences, Oceanography and Global Climate Change**

**Eligibility:** Students who have completed at least two years of undergraduate study and will not be graduating before the next fall are eligible to apply. Students must be a U.S. citizen or a permanent resident.

**Required Materials:**

• The application which may be found on the website.
• Two letters of recommendation from people who know the student’s potential for research.
• The student’s resume.
• Transcripts are also required.

**International Crane Foundation**
http://www.savingcranes.org/

**Interpretive Naturalist Internship**

This is an internship in Baraboo Wisconsin. The position requires 40 hours of work each week. The interns receive $550 a month and have free housing.

**Eligibility:** Applicants must have at least two years of college or equivalent practical experience. They also must have good communication and writing skills and have the ability to teach diverse audiences in a non-formal setting. Applicants should have an interest in environmental education, interpretation, conservation biology, ornithology, education, graphic design, film/documentary production or other related fields.

**Required Materials:**

• One page cover letter is required.
• The student should submit a two page resume.
• Also the contact information of three references is needed.
**MOTE Marine Laboratory**  

**MOTE REU PROGRAM**

This is a paid research training experience for science undergraduates. Students receive a $4,000 stipend, free housing, and financial support for travel expenses between MOTE and their home.

**Eligibility:** Applicants must be a U.S. citizen or a permanent resident. They must be currently enrolled in a degree program, and have a GPA of 3.0 or higher.

**Required Materials:**

- The student’s resume.
- Applicants must also submit a one to two page statement of interest. It should:
  - Describe their interests
  - Their career goals
  - Why they should be selected
  - How the program will influence their career development
  - The statement should also list the top two programs or mentors the student would like to work with and why.
- A copy of the student’s college transcripts is required.
- Two letters of recommendation are also needed.
- In addition the application which may be found on the website is needed.

**National Hydropower Association**  
http://hydro.org/

**NHA PAST PRESIDENTS’ LEGACY SCHOLARSHIP $2,000**

**Eligibility:** Full time junior, senior, or graduate students may apply. Applicants must have at least a 3.0 GPA. In addition, students must be pursuing a program of study that is related to the hydropower industry such as: engineering, biology, fisheries, hydrology, communications, or environmental studies.

**Required Materials:**

- An application which may be found on the website.
- A two page essay.
- The student’s transcripts are also needed.

**Smithsonian Environmental Research Center**  
http://www.serc.si.edu/

**SERC INTERNSHIP PROGRAM IN ENVIRONMENTAL STUDIES $450 PER WEEK**

**Eligibility:** Currently enrolled undergraduates and beginning graduate students may apply. Students who have recently graduated from an undergraduate or masters program may also
apply. Selection is based upon the student’s academic credentials, relevant training, letters of recommendation, and their goals.

**Required Materials:**

- An essay which describes the student’s:
  - Background
  - Interest
  - Career goals
  - Chosen project
- The student’s resume and transcripts are required.
- Two letters of recommendation are also required.

**The American Alpine Club**

http://www.americanalpineclub.org/

**Research Grants**

**Eligibility:** The research grants are intended for those completing research related to mountain regions. Applications are considered based on their scientific and technical quality and the research’s contribution to the knowledge of mountain regions.

**Required Materials:**

- An application which is found on the website.
- A completed budget.
- The applicant’s resume.
- If the applicant receive funds:
  - They must submit a report within two months of completing their research.
  - Any changes in their research plans must be reported.
  - If the research findings are published the AAC must be acknowledged.

**Gallagher Koster**

https://www.gallagherkoster.com/

**Health Career Scholarship Program $5,000**

**Eligibility:** Undergraduate students enrolled full time as a junior or senior are eligible to apply. Examples of qualifying degree programs are as follows: pre-medicine, nursing, public/community health, physical therapy, occupational therapy, pharmacy, biology, chemistry, psychology, social work, dentistry, and optometry. Students must also be in need of financial aid. Students also must have at least a 3.0 GPA.

**Required Materials:**

- The application which is located on the website.
- For the application students will need:
  - Their contact information.
  - Information about their school, degree program, and anticipated graduation date.
• Financial advisor’s name, phone number, and E-mail address.
  ▪ If that is not available the student needs to provide the contact information for the college’s office of financial aid.
• Information about the financial aid the student is currently eligible to receive and the projected amount they will receive for the upcoming academic year.
• Any academic awards the student has received and the dates for each.
• Community activities or community service organizations the student belongs to.
• An essay describing the student, their interests, the reason why they are pursuing a career in healthcare, and how the scholarship would help them reach their goals.
  ▪ The essay may be uploaded from a .doc format or copied and pasted into the application.
  ▪ The essay itself must be about 500 words and cannot be any longer than 2 double-spaced pages.

• Students must mail in:
  o Their financial aid form from the main scholarship page.
    ▪ This must be filled out from a financial aid representative from the student’s college.
  o 2 letters of recommendation must also be sent in.
    ▪ At least one must be from a professor or faculty advisor.
  o An official copy of the student’s transcripts is also required.

**Friends of the Great Plains Nature Center Grant Program**
http://www.gpnc.org/friends.htm

**DAVID P. FELLOWS $500**

**Eligibility:** This grant is used for special projects, events, workshops, trips and internships. Undergraduate and graduate students may apply. The topic must relate to one of the following fields: botany, wildlife, hunting, fishing, environment, natural history, habitat conservation, ecology, biology, wildlife art, wildlife photography, wildlife writing and teaching. Students must be able to document at least 20 hours of volunteer service. The service must be for the Great Plains Nature Center, one of the parent agencies (City of Wichita-Wichita Park and Recreation Department, Kansas Department of Wildlife and Parks, U.S. Fish and Wildlife Service), the U.S. Geological Survey-Biological Research Division or a suitable community program advancing the knowledge and enjoyment of nature (e.g. Big Brothers/Big Sisters-Pass It On Program etc.).

**Required Materials:**

• Application which is found on the website.
• Also contact information that can testify the student’s volunteering.

**American School Health Association**
http://www.ashaweb.org/

**Eligibility:** Students must be a junior, senior, or graduate student. Applicants may be enrolled full-time or part-time. In addition applicants must have a minimum GPA of 3.0 Student’s applying must have a declared major related to one of the following areas of specialization: health education, school nursing, or pediatric of adolescent medicine or dentistry. Other school
health specializations will be considered only if the application is accompanied by a letter from the student’s academic advisor written on official letterhead and stating the academic program’s relationship to school health.

**Required Materials:**

- An application which is found online must be submitted.
- The student’s resume.
- The student’s official transcripts are needed.
- A one-page personal statement is also required.
- 3 letters of recommendation are needed.

**The Actuarial Foundation**
http://www.actuarialfoundation.org/

**ACTUARY OF TOMORROW- STUART A. ROBERTSON MEMORIAL SCHOLARSHIP $7,500**

**Eligibility:** Applicants must be full time undergraduate students entering their sophomore, junior or senior year. In addition they must have at least a 3.0 GPA. Students applying must have completed two actuarial exams.

**Required Materials:**

- The student’s official transcripts.
- One letter of recommendation from a professor or advisor is required.
- The student must provide a letter of recommendation from an employer or previous employer.
- An essay is required. The prompt may be found on the website.
- An application which is located on the website is also needed.

**ACTUARIAL DIVERSITY SCHOLARSHIP**

**Eligibility:** Students applying may be a high school senior or an undergraduate. Applicants must have at least one birth parent who is a member of the following minority groups: African America, Hispanic, or Native North American. Applicants must have at least a 3.0 GPA. High school seniors must have an ACT math score of 28 or SAT math score of 600. Students must have intent of pursuing a career in actuarial professions.

**Required Materials:**

- An application which is located on the website is required.
- A completed personal statement is needed.
- An actuarial exam transcript is also needed.
- Letters of recommendation are required.
- Official school transcripts are needed as well.

**Great Minds In STEM HENAAC Scholarship Program**
http://www.greatmindsinstem.org/
Eligibility: This opportunity is for students in engineering, applied science, computer science and math. Applicants must have at least a 3.0 GPA. Applicants must be of Hispanic origin and/or have significant participation in and promote organizations and activities in the Hispanic community. Applicants must show leadership through academic achievements and campus/community activities.

Required Materials:

- An application which is located on the website.
- A 700 word essay:
  - The student should explain their career goals.
  - They should also explain their plans on reaching their goals and how will this scholarship help them reach their goals.
- A resume is required.
- One letter of recommendation from a fellow student or fellow member of a campus or community organization is required.
- One letter of recommendation from a college advisor, MEP Director, Dean or faculty member is also required.
- The student’s official transcripts are needed.

**Michigan Space Grant Consortium**
http://sgc.engin.umich.edu/

**UNDERGRADUATE AND GRADUATE FELLOWSHIP PROGRAM $2,500 AND $5,000 RESPECTIVELY**

Eligibility: This award is for graduate and undergraduate research and public service fellowships that relate to aerospace, space science, earth system science, other related science, engineering or mathematics. Students must have a good academic record, be in good academic standing, and be U.S. citizens. Applicants are required to identify a mentor in the faculty research, education or public service communities with whom they intend to work and who is available to write a letter of recommendation.

Required Materials:

- An online application must be completed.
- An abstract of a maximum of 150 words is required.
- A two page essay describing the student’s future career and educational interests also a description of the research or public service activity is needed.
- A description of the applicant’s specific expectations and responsibilities.
  - This must be no longer than one page.
- A scanned copy of the student’s most recent transcript.
- Two letters of recommendation are needed:
  - From faculty at the applicant’s institution. One must be from a faculty member who knows about the applicant’s research or public service objectives.

**MSGC UNDERGRADUATE—UNDERREPRESENTED MINORITY FELLOWSHIP PROGRAM**
Eligibility: For undergraduates who need funding for research or a public service fellowship. The projects must relate to aerospace, space science, earth system science, other related science, engineering or mathematics. Preference is given to projects that relate to aerospace, space science, earth system science, and is directly related to educational efforts. Students must be of African American, Hispanic, Latino, Native American, or Pacific Islander descent. Students also must be U.S. citizens. Students that have a GPA below 3.0 but have a strong mentorship are eligible. Students must identify a mentor in the faculty research, education or public service communities with whom they intend to work with.

Required Materials:

- An online application must be filled out.
- An abstract no longer than 150 words is required.
- A two page essay describing the student’s future goals and a description of their project is needed.
- A description of the student’s specific expectations and responsibilities related to the project is needed.
  - This must be no longer than one page.
- A scanned copy of the applicant’s most recent transcript is required.
- Two letters of recommendation are needed.
  - One from a faculty member who knows the student’s work related to research or service projects is required.

**Mathematical Association of America**

**AMS-MAA-SIAM Frank and Brennie Morgan Prize for Outstanding Research in Mathematics by and Undergraduate Student $1,200**

Eligibility: Any undergraduate student who has performed outstanding research in mathematics. Students may submit joint work together as well. When the research papers are sent in the student(s) must still be completing undergraduate work. Nominations for projects may be made by the student(s) or by an outside nominator.

Required Materials:

- The research completed may be split between multiple papers.
- At least one letter of recommendation preferably from a faculty member familiar with the research.

**Annie’s Homegrown Totally Natural**

**Annie’s Sustainable Agriculture Scholarships**

Application information is only available during the application time period. Students that are interested in the environment and sustainability should check the website regularly for more scholarship information.
**Morris K. Udall and Stewart L. Udall Foundation**  
http://www.udall.gov/

**UDALL SCHOLARSHIP AWARDS FROM $350 TO $5,000**

**Eligibility:** For sophomore or junior level students who are interested in either the environment, tribal public policy, or Native American health care. Only Native Americans and Alaska Natives are eligible to apply in tribal public policy or Native American health care. Applicants must have a college GPA of at least a 3.0. Applicants must also be a full time student. They must also be a U.S. citizen, U.S. national, or a permanent resident.

**Required Materials:**

- Students must contact our campus representative:
  - Paul Webb at pwebb@umich.edu
  - From contacting him the student may be nominated by the university.
- Students must also complete the online application.
- Students must submit an 800 word essay on a speech, legislative book, or public policy statement by either Morris K. Udall or Stewart L. Udall and its impact on the student’s interests and goals
- The applicant’s official transcripts are also required.
- Three letters of recommendation are needed.
- Native American and Alaskan Native students must submit descent documentation if their interests relate to tribal public policy or Native American health care.

**American Psychological Association**  
http://www.apa.org/

**SUMMER SCIENCE FELLOWSHIP**

**Eligibility:** Must be college seniors. They should be psychology majors. However, students with related preparation can apply if they plan to enter a psychological science graduate program.

**Required Materials:** Check the website during the active application period for further information.

**Federal Reserve**  
http://www.federalreserve.gov/

**PROJECT INTERNSHIPS**

**Eligibility:** Internship takes place in the Division of Research and Statistics office. Students may be graduate students or undergraduate students. Applicants must be U.S. citizens or nationals. These positions are open to students who are majoring in economics, finance, statistics, mathematics, or computer science. It is suggested that students at least be in their junior year of study.

**Required Materials:**
- Students must submit a cover letter.
- The student’s resume is also required.
- Applicant’s college transcripts are needed.
- Two letters of academic reference directly from professors are required.
- The job application form located on the website must be completed.

**Casualty Actuarial Society**  
http://www.casact.org/

**CAS Trust Scholarship Program up to $2,000**

**Eligibility:** Students must be a U.S. or Canadian citizen. Applicants must be a full time student to be eligible to apply. In addition, applicants must show strong communications skills, and interest in the casualty actuarial profession and mathematical aptitude.

**Required Materials:**

- A scholarship application is required.
- In addition students must submit two letters of recommendation preferably done by internship supervisors, instructors, and or advisors at their educational institution who know the student applying.
- Official transcripts are also required.

**American Sociological Association**  
http://www.asanet.org/

**Student Forum Travel Awards Due April 1st $225**

**Eligibility:** Undergraduates or graduates pursuing sociology degrees are eligible to apply. They must currently be student members of ASA at the time of submitting the application. When considering giving out awards a student’s participation in the annual meeting program, purpose for attending, financial need, availability of other forms of support, matching funds, and potential benefit are considered.

**Required Materials:**

- An application which may be found on the website is needed.

**Woodrow Wilson National Fellowship Foundation**  
http://www.woodrow.org/

**The Thomas R. Pickering Foreign Affairs Fellowship up to $40,000 for two years of funding**

**Eligibility:** This fellowship is available to undergraduate juniors. The fellowship focuses on students who are interested in international affairs, political and economic analysis, administration, management, and science policy. Applicants must be U.S. citizens. In addition, applicants must have at least a 3.2 GPA when applying, and maintain that GPA throughout the program.
Required Materials:

- An online application form.
- Email addresses for two recommenders.
- Hard copies of:
  - Certification of U.S. citizenship, copy of U.S. passport, birth certificate or U.S. citizen naturalization papers.
  - SAT or ACT scores.
  - Official academic transcripts from every undergraduate school attended.
- Applicants who receive financial aid must provide a copy of their most recent financial aid letter that lists all grants or loans and a copy of the SAR.

**The Joe D. Simmons Memorial Scholarship**
http://simmons-scholarship.com/

**Eligibility:** Students must have at least a 3.5 GPA in their major course work and at least a 3.0 GPA overall. This scholarship is for students interested in measurement science or the application of metrology.

**Required Materials:**

- An application which is located on the website.
- A list of courses the student has taken; and a list of future courses to be taken in pursuit of their degree.
- Endorsement from one or more of the school faculty teaching metrology or quality related subjects. If the student applying is still in high school a science or math teacher may endorse the student.
- A transcript of grades in all courses is needed.
- An essay indicating metrology and quality concepts learned and applied in academic or work settings and describing the student’s career goals.

**Sino-American Pharmaceutical Professionals Association**
http://www.sapaweb.org/

**Scholarship and Excellence in Education Program $1,000**

**Eligibility:** Students must be a full time high school graduate who plans full-time undergraduate study at an accredited four-year college in the upcoming academic year. They must have at least a 3.3 GPA and a minimum score of 2000 on the SAT. Applicant must also be a U.S. citizen or a legal resident.

**Required Materials:**

- An essay of about 600 words that explains the student’s chosen career.
- Two letters of recommendation from teachers who are familiar with the student’s academic work in the science field.
  - One letter must attest to the student’s academic potential.
- A list of awards received.
• A list of Advanced Placement of Honors courses with grades.

**Measurement Science Conference and Training Symposium**

http://www.msc-conf.com/

**MSC Scholarship Program Up to $2,000**

**Eligibility:** Undergraduate students must have completed at least two years in an engineering or science degree program. Graduate students applying must have completed at least five courses in a master’s degree program in quality assurance. Applicants must have a minimum GPA of 3.2. Applicants also must be citizens of the United States.

**Required Materials:**

• An application which may be found online is required.
• A personal statement between one to three pages in length is also needed.

**Energy Telecommunications and Electrical Association**

http://www.entelec.org/

**Wayne V. Black Scholarship Award $5,500**

**Eligibility:** Students may be entering their first year of undergraduate studies or be an undergraduate student. Applicants must be U.S. citizens. Entering freshman must have at least a 3.0 GPA. Other students must have a GPA of 2.75 or better for the last two consecutive quarters or semesters.

**Required Materials:**

• The application, which may be found online.
• A biography which is no longer than one page in length.
• An essay no longer than five pages in length.
  o The topic is assigned in the application.
• Official transcripts may be required of finalists.

**Microsoft**

http://careers.microsoft.com/

**Scholarships**

**Eligibility:** Students must be enrolled full time in a bachelor’s degree program at a four year college or university in the U.S., Canada, or Mexico. The applicant must be pursuing a degree in computer science, computer engineering, or a related technical discipline such as electrical engineering, math or physics. Students must also show an interest in computer science. In addition applicants must have at least a 3.0 GPA.

**Required Materials:**

• The applicants resume and official transcripts.
• The student must answer essay questions.
• A letter of recommendation.
• Printed confirmation page from the online application to the Microsoft Internship program is also required.

**Google Lime**
http://www.limeconnect.com/

**Google Lime Scholarship for Students with Disabilities $10,000**

**Eligibility:** Students must be working towards a computer science or computer engineering degree, or a degree in a closely related field. They must have shown and continue to have strong academic performance. Students must be entering their junior or senior year of study OR students may be enrolled in a graduate program as a full time student. International students may apply. Applicants must have a disability which may be visible or invisible: disability is defined as a long-term, or recurring, issue that impacts one or more major activities that people may consider to be a daily function.

**Required Materials:**

• Contact information of the student.
• Education and experience information is needed.
• Current resume and transcripts are required.
• Two essays are also required.
• Two recommendation letters from a professor, adviser or supervisor are needed as well.

**AFCEA Educational Foundation**
http://www.afcea.org/

**AFCEA General John A. Wickham Scholarship $2,000**

**Eligibility:** This scholarship is for full time students. Applicants must be enrolled as sophomores or juniors. Students applying must be U.S. citizens. **Electronic Document Scholarship Foundation**
http://www.edsf.org/
DOCUMENT MANAGEMENT AND GRAPHIC COMMUNICATIONS INDUSTRY SCHOLARSHIPS OVER 40 AWARDS RANGING $500-$5,000

Eligibility: Students in document management or graphic communications areas of their colleges are eligible to apply. Applicants must have at least a 3.0 GPA, and be enrolled full time.

Required Materials:
- The application which is located online is needed.
- The student’s transcripts are required.
- Two letters of recommendation from teachers, instructors, professors or colleagues are also needed.

National Press Photographers Foundation
http://nppf.org/

APPLICATION SUBMITTED APPLIES TO 7 DIFFERENT SCHOLARSHIPS EACH WORTH $2,000

Eligibility: Students must be currently enrolled full-time or have been accepted at a four-year institution to complete suspended studies to apply. They must provide evidence of great photojournalism, academic ability, and financial need. Applicants must explain their financial need. The scholarship must be used for the next semester after it is awarded or it will be forfeited.

Required Materials:
- Entries may be single photographs, multiple picture stories or multimedia stories.
- There must be a minimum of six entries the maximum number of entries of 12.
- Multiple picture stories have a minimum of two pictures and a maximum of 10 pictures. A multiple picture story, though it has more than one picture counts as a single entry of the minimum required six entries.
- All multimedia entries are supplied as links to where they live on the Internet. The URL links must take the judges directly to the video or other form of multimedia, not to a personal home page where judges must select other menu items or links.
- Note that the judges unanimously feel that portfolios that do not include at least one multimedia entry will not be competitive. Multimedia is defined as video and/or photos combined with edited audio, in any format, including video, slide shows, and interactive pieces. A multimedia story with only a music track doesn’t count. Students must have originally gathered sound that helps tell the story.
- Letter of recommendation from the applicant’s faculty advisor is required.
- Three short essay questions listed on the application material online are also needed.

Outdoor Writers Association of America
http://owaa.org/

Eligibility: Undergraduate students who are in their junior or senior year majoring in television and film are eligible to apply.

Required Materials:

- An application found online is required.
- A personal statement completed by the applicant is required.
- 3 letters of recommendation are also needed.

Public Policy and International Affairs Fellowship Program
http://www.ppiaprogram.org/
Fellows receive full tuition to attend one of the PPIA Junior Summer Institutes. In addition they receive a minimum stipend of $1,000. Also, they later receive a minimum of $5,000 toward their graduate school tuition.

**Eligibility:** Students must be dedicated to public service and contribute to more diverse perspectives in public policy and international affairs. They must be U.S. citizens or legal permanent residents to apply to JSI’s Berkeley, Maryland and Michigan. Students must have completed their junior year of college by the start of the JSI and have at least one full semester or two quarters of coursework remaining. They may not have received a bachelor’s degree prior to the start of the JSI. Students must be committed to completing a master’s degree in public and/or international affairs at one of the PPIA Consortium graduate schools (a list is located on their website). Applicants must also show an interest for a career related to public service such as government, nonprofits, humanitarian and international organizations and other related programs. Economic need is given consideration. All majors may apply.

*Note: If applying to UC Berkeley as a JSI the student is required to demonstrate involvement in working to improve historically underserved or underrepresented communities. Also if the student is interested in being eligible for selection as a UC Berkeley PPIA Law Fellow, they must also explain their interests for wanting to pursue a joint law and public policy degree.*

*If the applicant selects the Maryland Leadership Institute among their potential JSIs there is only one PPIA Fellow that will be admitted to Maryland. The rest of the summer institute is made up of fellows from non-PPIA fellowship programs. This JSI generally relates to students who have a particular interest in international affairs.*

**Required Materials:**

Unfortunately because the application period has passed the Required Materials to apply are not listed on the website. Students that are interested in the program should check the website.

**Americans for UNFPA**

http://www.americansforunfpa.org/

**STUDENT AWARD FOR THE HEALTH AND DIGNITY OF WOMEN**

Award consists of $1,000 and an all expense paid trip overseas during the summer to travel with Americans for UNFPA staff to a low-income country and visit a UNFPA program. The selected students will also be invited to participate in lobbying efforts on Capitol Hill to lobby Members of Congress in the spring. The award winner will also hold a campus event to share their experiences with the help of UNFPA members.

**Eligibility:** Applicants must be eligible to vote in the U.S. and must be an undergraduate student enrolled full time.

**Required Materials:**

- A reference letter is required.
- The student’s resume is required.
- Responses to two essay questions listed on the website are needed.
• An application located on the website must be completed.
