** For weeks in which a University Holiday occurs and for weeks when the University is not in session for the full five days, students are required to work only 1/2 of their standard number of hours during that week. Students are not expected to work during Fall Break and Thanksgiving Recess. Therefore, these time periods reflect smaller increases in Required Cumulative Hours than the standard time periods.

FALSIFYING TIMESHEETS

Students found falsifying timesheets will face severe disciplinary action by the Board of Academic Standards, in accordance with the Academic Judiciary Manual of Procedures. Falsification of timesheets includes: adding hours after the Faculty Sponsor has signed the timesheet, reporting hours not worked, and forgery of signatures. UROP contacts Faculty Sponsors for timesheet verifications.
