2014 Peonies Galore Plant Sale list,  May 30, 5-8 pm
Nichols Arboretum, 1610 Washington Hts.

Note: This year’s sale is a members-only event. Not a member? Join and save on peonies, Shakespeare in the Arb tickets, and more. Most of the peonies in this year’s sale are present in the peony garden collection. Several are new offerings at our sale this year and are cultivars not seen as readily in the trade—an opportunity to expand your personal peony collection. We make every effort to ensure the plants listed will be available. However, occasionally due to circumstances beyond our control some plants may not be available or will be substituted with a close alternative. Some images for peonies are available; click on the bold red items below to see a picture of that cultivar.
