

## Acknowledgments

We would like to thank the many individuals whose hard work and creative input made this project possible. First, we would like to thank the faculty and the administrative staff of the Department of Romance Languages and Literatures at the University of Michigan for their help and support, notably Professors Kate Jenckes and Daniel Noemi who have generously given us their time and guidance. A warm thank you goes also to our honored keynote speakers at the 17th Charles F. Fraker Conference—Jesse Cohn, Josiah Blackmore and Juan Duchesne-Winter—who allowed us to include their work in this issue. Our thanks to April Caldwell for her help throughout the process and for maintaining and updating of *Tiresias's* web-page. Last, but not least, we would like to thank our colleagues in the Romance Language and Literatures Department who participated as readers. Thank you!
