Ukraine is the second largest country in Europe with a rich cultural and political history. The Ukrainian Language Program offers students an unique opportunity to engage in active conversation while also learning to read and write. Topics in Ukrainian culture and literature are discussed throughout the curriculum. The annual Pysanka (ornate Easter egg painting) Workshop is always popular with students. For more information and for course descriptions, go to our web site, or contact Svitlana Rogovyk at srogo@umich.edu.
